RightsCon

Access Now is proud to welcome you to the 13th edition of **RightsCon**, the world's leading summit on human rights in the digital age.

3,000+ in- person participants

7,000+ online participants

150+ countries

600+ sessions

Each year, RightsCon convenes business leaders, policy makers, general counsels, government representatives, technologists, academics, journalists, and human rights advocates from around the world to tackle pressing issues at the intersection of human rights and technology. In engaging plenaries, hands-on workshops, intimate roundtables, private meetings, and lively exhibition spaces, RightsCon is where the global community comes together to build strategies and drive forward change toward a more free, open, and connected world.

For its 13th edition, Access Now is excited to host RightsCon in South Korea and online in February 2025. With the region's rapidly accelerating digital transformation, the growth of its tech sector, and its role as a global hub for innovation, we look forward to convening RightsCon in the **Asia Pacific region, and South Korea** in particular, with its vibrant civil society, democratic heritage, and prominence as a global hub for innovation with strong regional linkages to the Asian tech sector.

WHAT DOES YOUR SPONSORSHIP SUPPORT?

YOUR PLACE IN A GLOBAL DIGITAL MOVEMENT

For more than a decade, we have convened tens of thousands of stakeholders from more than 160 countries.

A TRUSTED SPACE FOR CROSS SECTOR CONNECTIONS

RightsCon is the platform that brings together business leaders, policy makers, activists and technologists to advance real-world solutions

ADVANCING HUMAN RIGHTS STANDARDS

The impact of our program is felt long after our Closing Ceremony, with RightsCon providing the space for tangible outcomes, including declarations and coalition launches

REDUCING BARRIERS TO PARTICIPATION

Whether through waived ticket fees for 90% of participants or a holistic Community Support Fund with connectivity and travel options, RightsCon reduces logistical and financial burdens to ensure all perspectives are present.

By supporting convening spaces such as RightsCon, you are helping Access Now and a global community of thousands defend and extend digital rights of users at risk around the world.

WHAT ARE THE BENEFITS OF SPONSORSHIP?

Through a range of tier options, starting at $25,000 and going up to $250,000, RightsCon Sponsors have the chance to demonstrate their commitment to human rights in the digital age, support the regional and global community, and enjoy the material benefits and opportunities that come with support, such as:

- **Complimentary tickets for in-person and online participation**
- **Visibility of your logo on our online platform as well as on in-person materials**
- **A booth in our vibrant Community Village to share your initiatives and build partnerships**
- **Dedicated private bilateral and roundtable meeting spaces for our higher level sponsors to coordinate with partners**
